PHAEDRA THEFFO FINALLY READY TO POINT AT GOOD RESULTS AGAIN IN THE 125 SPORT CLASS

After the improvements made on last April 27th at Varano, Phaedra Theffo is ready to face three races in June, the first on June 1st, once again at Varano.

On last April 27th, Lulù participated in a round of the “Motoestate” trophy –also valid for the “Centaurò” trophy– and classified herself at the 15th place, after many improvements from the last races. After the race she said: *“This time I’m really satisfied about the whole weekend. My goal was to make the laptimes I made in 2005 and at the end I even improved these. After a quite negative start of the season, or we could say, after two negative seasons in the 125GP class, it was finally time to have fun! Of course I have to get even better results, but I know I can make it and I’m confident. I feel as if I was born once again, finally. Already from the first practice sessions I noticed I was improving a lot and then during the race I went on lowering my laptimes. I overtook many riders and I even made my fastest lap as I was quite exhausted and even made some errors. So I don’t think it would be difficult to improve even more. I would like to thank my mechanics for the great bike and I also would like to thank myself for having started to ride in a decent way again”.*

The French-Belgian rider living in Pesaro, Italy, is therefore really enthusiast to make her next race, on June 1st, right on the Varano track. It will be another round of the “Motoestate” trophy that will allow her to strengthen her “rebirth” and get ready to face all the other circuits with the same determination:

“I’m really happy. I really wanted to make another race at Varano, as it will allow me to start from where I let it in April and thus go on improving my rhythm and having fun. It’s a great occasion to confirm this trust I found again, than I will be ready to improve even more in any other track. I’m really enthusiast, there really are no words to describe how I’m feeling in this moment. My head is already in the middle of the corners of the Varano track and I can’t wait to start making the first practice sessions. I would like to thank my mechanic, Luca, from the bottom of my heart, without him I would have been forced to stay at home as this race was not scheduled by the team. I will make my best not to disappoint him, neither to disappoint myself, and to improve as much as possible”.

Two other races are scheduled in June: the first one on June 15th at Misano for the third round of the “Mototemporada” trophy, and the second one on June 22nd at Vallenga for the “Centaurò” trophy (there will also be the “Coppa Italia”). In both these occasions, all the Team Pit Lane riders racing in the 125 Sport category will be present: Emanuele Zannini, Luca Quaresima, Matteo Piffer, Lorenzo Garofoli, and of course Phaedra Theffo.

And now, the thank-you part: *“I really have a good feeling with the team, the atmosphere between all members is excellent and the bikes are very fast, I couldn’t ask for anything better. Therefore I would like to thank the whole Team Pit Lane for their professionalism, patience and availability. I would also like to thank my sponsors: Vemar, Diadora, Look At, Optik Center, Artefatta, CR Srl Cuscinetti a Rulli, Unilame Sarl, the Agency “Impronte” and Tucano Urbano. Of course a special thank goes to the Lucky Racing Team, managing all this for me”.*
